

LION NFPA 1994 Class 2R and NFPA 1992 Ensemble (as incorporated in the 2022 ed. of NFPA 1990)

This Ensemble has been certified to the Ruggedized Class 2 (2R) requirements incorporated into NFPA 1990, *Standard for Protective Ensembles for Hazardous Materials and CBRN Operations*, 2022 edition.

Ruggedized ensembles can be used multiple times where there is no exposure to hazardous materials and CBRN terrorism agents and provide a greater level of physical hazard resistance and increased durability.

Models: CMTMRG11 AND CMTMRG21 Only
